

Fund 307

Sidewalk Construction

Focus

This fund supports the Fairfax County Sidewalk Program, which was established to provide improvements necessary for ensuring safe walking conditions for public school students in the County. This program is implemented in cooperation with the Fairfax County Public Schools and generally includes projects that link residential areas and public schools. In previous years, this fund has received funding support through a variety of sources: General Fund transfers, transfers from other funds, grants, developer contributions, and State Aid.

In FY 2005, an amount of \$300,000 is included in Fund 307, Sidewalk Construction for the Virginia Department of Transportation (VDOT) participation project for sidewalk repair and replacement. This program allows the County to minimize construction costs by permitting VDOT to conduct repair and replacement of multiple sidewalks within one construction contract. The County is then responsible for reimbursing VDOT at the completion of the project. This project is supported by State Aid and is included in the Summary of Capital Projects.

Changes to FY 2004 Adopted Budget Plan

The following funding adjustments reflect all approved changes in the FY 2004 Revised Budget Plan since passage of the FY 2004 Adopted Budget Plan. Included are all adjustments made as part of the FY 2003 Carryover Review and all other approved changes through December 31, 2003:

- ◆ At the FY 2003 Carryover Review, the Board of Supervisors approved an increase of \$6,622,608 due to the carryover of unexpended project balances in the amount of \$5,749,511, an increase of \$758,097 in grant monies and miscellaneous revenues to support walkway construction/pedestrian improvements, and a transfer of \$160,000 from Fund 304, Primary and Secondary Road Bond Construction, for improvements to the Sunset Hills area of Reston. This increase is partially offset by a transfer of \$45,000 to Fund 303, County Construction, for build-out requirements associated with the Hybla Valley Computer Learning Center.

A Fund Statement, a Summary of Capital Projects, and a Project Detail Table for the project funded in FY 2005 are provided on the following pages. The Summary of Capital Projects may include some projects without a Total Project Estimate amount. These projects are considered "continuing" projects or projects for which funding is necessary on an ongoing basis (e.g., a contingency or planning project). The Project Detail Table includes project location, description, source of funding, and completion schedules.
